→ Forestry businesses, timber transporters, small private woodland owners, forestry technicians, managers and master craftsmen in state machine businesses and in local authority businesses and also landscaping firms.

Deutscher Waldbesitzer
As an official association body, it offers readers from the forestry associations of Hessen, Lower Saxony, Schleswig-Holstein, Mecklenburg-Vorpommern, Brandenburg and Saxony Anhalt as well as the AGDW current association news and background reports on the wood market, silviculture, forestry technology and forestry policy. The professional presentation of topics had led to a continual increase in readership, particularly in Southern Germany.

Target group:
→ Private woodland and forest owners, decision-makers in forestry sector consortia, forest rangers of the Chambers of Agriculture and state forestry authorities as well as local authority officers.
