Data transmission

Email

File formats

Print-optimised PDF (Standard X1a)

Other file formats or open files available on request only.

Colour images always in CMYK mode (4-c)

Resolution at least 300 dpi
(600 dpi for ads in bw)

Print profile

www.dlv.de/agrarheute

Proof

A colour-true proof is essential and must be sent to the publishers' or printers' before the print run. Without this, we cannot guarantee the quality of printing and accuracy of the advertisement's motif. Where no proof has been provided, we cannot accept complaints.

Colour advertisement production

Euroscale printing: Colour shades are achieved through combination printing. Deviations in the range of toleration correspond with the current status of offset printing technology. Special colours are only possible on the cover pages!

Shades that cannot be created from the Euroscale (HKS special colours) are possible on request – additional costing!

Samples for (digital) inserts, bound-in booklets, glued-in inserts

Before accepting an order, the publisher requires five authentic samples (printed inserts) or one sample PDF (digital inserts) by the deadline for advertisements of the respective issue:

Deutscher Landwirtschaftsverlag GmbH
Anzeigen agrarheute Magazin
Lothstr. 29, 80797 Munich, Germany
E-Mail: sabine.billes@dlv.de

The authenticity of fulfilment of an order cannot be finally decided upon until the samples have been submitted.

Delivery Date

Inserts, also digital inserts, bound-in booklets and glued-in inserts must be delivered by 10 days before the publication of the magazine.

Volume of the issue required upon request, plus 3% surcharge.
