

TRACTION

An aerial photograph of a vast agricultural field at sunset. In the foreground, a green tractor with a blue implement is parked. In the middle ground, a red tractor with a red implement is parked. In the background, a yellow tractor with a yellow implement is parked. To the right, a red tractor with a red implement is parked. The sky is filled with soft, golden light from the setting sun, and the field is a mix of brown and green.

Media Kit 2026

**TRACTION – Agricultural
technology that inspires**

- Practical tests with depth
- The most innovative cross media mix in the industry
- Large fan potential

Print Magazine

For over ten years, *TRACTION* has been synonymous with modern and practical agricultural technology reporting.

Powerful imagery, clear and understandable content, and well-founded tests and market overviews make *TRACTION* a relevant medium for the tech-savvy generation in agriculture. Cross-media distribution via magazine, website and social media ensures continuous reach and genuine proximity to the target group.

With a placement in *TRACTION*, you will reach professionally active, technically savvy operations managers and young professionals who are shaping the future of agricultural technology – and for whom technologies, innovations and brand decisions play a central role today and tomorrow.

Directly to the target group:
2 Special publications per year for the contractors.

What technology is in demand now? What is new? Where are the innovations that will further the farm? Where do I, as a contractor, perhaps still need to upgrade? Our two special **TRACTION TECHNIK Lohnunternehmen** magazines provide practical answers to all these questions, with purchase recommendations depending on the product application.

The current overview of newly tested agricultural technology:
TESTJAHRBUCH 2027 for all farmers who want to invest or simply stay up to date!

Once a year in November, the test compendium of our editorial team is published with all tested machines of the last 15 months! The latest trailed and self-propelled agricultural technology is put through its paces, explained in detail and illuminated. Here you can find out all about it as if you were there yourself. Highly interesting reading material and the optimal environment for your product offers.

2 magazines for contractors and their employees!

- Published in April and December.
- The latest technical topics – specially prepared.
- The purchasing guide for readers with a strong investment and innovation drive.

Colour images always in CMYK mode (4c)

Resolution at least 300 dpi

Print profile

www.dlv.de/traction

Proof

A colour-true proof is essential and must be sent to the publishers' or printers' before the print run. Without this, we cannot guarantee the quality of printing and accuracy of the advertisement's motif. Where no proof has been provided, we cannot accept complaints.

Colour advertisement production

Euroscale printing: Colour shades are achieved through combination printing. Deviations in the range of toleration correspond with the current status of offset printing technology. Special colours are only possible on the cover pages! Shades that cannot be created from the Euroscale (HKS special colours) are possible on request – separate costing!!

Samples for inserts, bound-in booklets, glued-in inserts

Before accepting an order, the publisher requires five authentic samples by the deadline for advertisements in the relevant issue:

Deutscher Landwirtschaftsverlag GmbH

Anzeigen *TRACTION*

Lothstr. 29, 80797 Munich, Germany

The authenticity of fulfilment of an order cannot be finally decided upon until the samples have been submitted.

Electronic Data transmission

vanessa.kayser-luehrs@dlv.de

Transfer of the data only with accurate statements of the customer's name, property, issue no. and content of the print material transfer.

Delivery address for inserts, bound-in booklets, glued-in inserts

with marking "*TRACTION*" to::

Dierichs Druck+Media GmbH & Co. KG

Frankfurter Str. 168, 34121 Kassel, Germany

Phone +49 561 60280-158, Fax -199

Delivery Date

Inserts, bound-in booklets and glued-in inserts must be delivered by 14 days before the publication of the magazine. Volume of the issue required upon request, plus 3% surcharge.
