- Breeding organizations
- Veterinarians

Media Profile

The magazine *Bayerisches Landwirtschaftliches Wochenblatt* is a weekly specialist agricultural magazine, with the largest print run in Germany. For **216 years** the weekly publication has practically been part of the family and a nationwide standard in agricultural reporting.

The weekly magazine provides information on all topics in the countryside, that are important to farmers: from news about animal and plant production to agricultural technology and the section “Village and Family”. With its wide variety of articles, the magazine is of inestimable value to all who live on the countryside. The magazine reaches nearly all agricultural businesses in Bavaria and therewith around one third of all agricultural businesses in Germany. Compared to the other regional weekly magazines it reaches with 74,155 distributed copies (IVW 2/2025) measured at 81,560 businesses (destatis 2023) – the biggest part of active farmer.

The magazine delivers news on agricultural policy and current trends in plant cultivation, animal production, agricultural technology, forestry and bio energy to all full-time, part-time and supplementary businesses. In addition it provides advice to its readers on modern business management, marketing, law, finances, and tax. The section “Village and Family” contains practical tips on health, gardening, nutrition, and leisure time.

Furthermore, the magazine is the weekly basic source of agricultural market prices. Regional pages are published weekly for the regions **Upper Bavaria/Swabia, Franconia, East Bavaria** and **Austria**, for the **Allgäu** the insert *Unser Allgäu*.

The latest news and reports appear on the BLW-Website www.wochenblatt-dlv.de.

Printing process

Cover: Sheetfed offset

Inside part: Rotary printing

Processing

Wire stitching,
trimmed half Rhenish newspaper format

Data transmission

Email, FTP possible on request

File formats

Print-optimised PDF (IsoCoated v2, X4)

- Embedded fonts and images
- Defined page geometry (final format and bleed frames)
- Maximum ink application of 320 %
- Colour space: CMYK
- No OPI information
- Reduced transparencies
- Clear definition of overprint/cutout
- Minimum image resolution of 300 dpi
- Texts and geometric design features must be created as paths

Other file formats or open files available on request.

Print profile

www.dlv.de/blw

Proof

A colour-true proof is essential and must be sent to the publishers' or printers' before the print run. Without this, we cannot guarantee the quality of printing and accuracy of the advertisement's motif. Where no proof has been provided, we cannot accept complaints.

Minimum line width

Positive 0.15 mm, negative 0.20 mm, screened 0.70 mm.

Colour advertisement production

Euroscale printing: Colour shades are achieved through combination printing. Deviations in the range of toleration correspond with the current status of offset printing technology. Special colours are only possible on the cover pages!

Samples for (digital) inserts, bound-in booklets, glued-in inserts

Before accepting an order, the publisher requires five authentic samples (printed inserts) or one sample PDF (digital inserts) by the deadline for advertisements of the respective issue:

Deutscher Landwirtschaftsverlag GmbH
Anzeigen *Bayerisches Landwirtschaftliches Wochenblatt*, Lothstr. 29, 80797 Munich, Germany

The authenticity of fulfilment of an order cannot be finally decided upon until the samples have been submitted.

Delivery date

Inserts also digital inserts, bound-in booklets and glued-in inserts must be delivered by 7 days before the publication of the magazine. Volume of the issue required upon request, plus 3% surcharge.

Doris Guschl
